What are your career or graduate education goals and what is the time frame?

What populations, sites, or clinical modalities are you most interested in and why?

Are there any limitations you have for internship site placement? (For example: "I can only volunteer on weekends; I prefer to volunteer in Manhattan.")

Are you willing to volunteer in Staten Island?

Do you have a preference for your schedule? (For example: "I would like to be at my site on Tuesdays and Thursdays only.")

Anything else you would like us to know about you?

I understand and meet the requirements for consideration, as listed on the flyer for the Field Experience in Psychopathology course for the Fall 2025 academic semester.
